## **BASIS** Charter Schools

> BATON ROUGE PRIMARY Mid City Campus

 Baton Rouge Primary Mid City Campus Grades K–5

The mission of BASIS Charter Schools is to empower students to achieve at globally competitive levels with a transformative K–12 academic program.

The BASIS Baton Rouge Primary – Mid City Campus is a TUITION-FREE public charter school serving grades K–5. We offer a world-class, STEM-infused, liberal arts curriculum with a strong student support system.

### WHAT MAKES BASIS CHARTER SCHOOLS' ACADEMIC PROGRAM EXCEPTIONAL?

At BASIS Charter Schools, we prepare students for success from day one. Our STEM-infused, liberal arts curriculum engages students in hands-on activities and lessons across a well-balanced variety of core courses in literacy and language, humanities, math, science, and engineering. Having such a diverse range of courses helps students make connections, build confidence, and discover new interests. Our students thrive in a diverse community that's represented by many backgrounds and perspectives, creating a culture of respect, accountability, and perseverance.

As a part of the BASIS Charter Schools network, BASIS Baton Rouge Primary Mid City is dedicated to raising the standards of student learning to the highest international levels. Our students engage in the world-class BASIS Charter School Curriculum, which fuels critical thinking, problem-solving, and innovation. Caring and supportive teachers lead class with creativity and intellect, inspiring students to master advanced content and love learning. To learn more, visit enrollBASIS.com/baton-rouge-mid-city.

### THE BASIS CHARTER SCHOOL CURRICULUM

We are committed to the philosophy that all students can succeed when provided with an advanced curriculum and supportive, knowledgeable teachers to guide them through it. The primary BASIS Charter School Curriculum allows students to excel in our middle school and high school programs by building upon fundamentals at an accelerated pace. In addition, our expert teachers engage students in class discussions, challenge them to think critically, and help them make interdisciplinary connections.

### OUR GRADE-LEVEL SPECIFIC TEACHERS IN GRADES K–2 AND CO-TEACHING MODEL IN GRADE 3 SUPPORT STUDENT ACHIEVEMENT

BASIS Charter School teachers are talented and knowledgeable educators who bring our robust curriculum to life every day in the classroom. Their expertise, in combination with a rigorous primary curriculum, is designed to progressively move students toward a greater understanding of fundamental concepts in each subject. Teachers set high expectations and design instruction that is challenging and engaging, bolstering students' ability to master critical thinking skills and analyze content in deeper, more meaningful ways.

### SUBJECT EXPERT TEACHERS (SETs)

Subject Expert Teachers (SETs) are responsible for planning, preparing, and carrying out all lessons, which are always rich in content and deep in insight. Our SETs also engage students in meaningful class discussions that enhance critical thinking skills. In grades K–2, SETs work with their group of students in all core subjects: ELA, Math, Science, and Phonics. For all other non-core courses, we have separate SETs that facilitate engaging learning environments in courses such as Visual Arts, Music, Mandarin, Theatre, PE & Sports, and Engineering & Technology.

In grade 3, Subject Expert Teachers specialize in one core subject, delivering lessons to different groups of students who rotate into their classroom throughout the day. This grade level has a second teacher that supports their daily learning, called a Learning Expert Teacher.

### LEARNING EXPERT TEACHERS (LETs)

Learning Expert Teachers work with only one section of students, traveling with them from subject to subject throughout the school day. Their role is to teach students the skills necessary for academic and personal development, including study and organizational skills, critical thinking, and social interaction standards. In addition, LETs are the primary instructors for the Connections course and the Phonics course. The Learning Expert Teacher supports students' differentiated needs to accelerate the learning process.

### Benefits of the Co-Teaching Model:

- Greater emphasis placed on a single subject
- Increased opportunity for students to gain content mastery
- More effective use of class time
- Maximized comprehension and engagement
- Individual student needs met without changing the pace of lessons

## HIGHLIGHTS

**BASIS Baton Rouge Primary Mid City** opened in August 2021 as the second **BASIS Charter School in Baton Rouge.** We are located on a beautiful campus in the heart of Mid City on Florida Blvd. Our caring and supportive teachers are committed to helping students succeed academically, motivating them to try again when they have difficulties, and celebrating their accomplishments. During our first school year, we were named as Baton **Rouge Parents Magazine Family** Favorite Runner Up for Favorite Public Elementary School (second only to our sister campus, BASIS Baton Rouge Materra). We set high expectations for our students while providing them with an enriching learning experience.

## **KINDERGARTEN**

### **Advanced Academics**

Kindergarten at BASIS Charter Schools is designed to lay a foundation for academic success throughout the BASIS Charter School Curriculum. We focus on enhancing students' natural instincts to explore, question, and discover as they engage in hands-on activities across a variety of courses. Our kindergarten students excel to learn grade 1 skills by the end of the year and have fun doing so.

### Traditional Classroom Model (Grades K-2)

Caring and supportive expert teachers lead class with creativity and intellect, inspiring students to love learning. Teachers create an interactive and engaging environment in each subject throughout the day to motivate students to ask questions and participate in activities. Each instructor will teach the following core subjects: English Language Arts Foundation, Math Foundation, and Civics, History, & Science Foundation.

### **FULL-DAY PROGRAM**

7:45 a.m. – 2:50 p.m.

- English Language Arts Foundation
- Math Foundation
- Civics, History, and Science Foundation
- Engineering and Technology Foundation
- Mandarin

- Music Foundation
- Visual Arts Foundation
- Theatre Foundation
- Movement Foundation

## PRIMARY SCHOOL PROGRAM

The BASIS Charter School Curriculum for grades 1–5 continues to build solid academic foundations while teaching fundamental skills, such as critical thinking, organization, time management, and study strategies. The primary core curriculum includes courses in Math and Science, English Language Arts, Phonics, and Physical Education. Students take Math and Science, as well as English Language Arts, in integrated 85-minute blocks each day. Enrichment courses include Engineering and Technology, Visual Arts, Theatre, Music, Mandarin, and Connections. Throughout the primary curriculum, students master concepts and skills that will allow them to excel in middle school and high school.

### ENGLISH LANGUAGE ARTS (Grades K-2)

In English Language Arts, grades K–2, students will continue to develop fundamental reading comprehension and writing skills in addition to focusing on vital social studies concepts using Wit & Wisdom®, a Tier 1 approved ELA curriculum recommended by the Louisiana Department of Education. Students will study a large variety of rich and engaging texts focused on scaffolding and extending student growth to provide a strong foundation for future success. Paired alongside the use of Geodes, a collection of decodable readers, and a separate Phonics curriculum, students will be able to apply and practice phonemic awareness and newly learned sound-spelling patterns with each reader consistently building on previously learned knowledge.

### MATH AND SCIENCE (Grades 1-3)

The "Math and Science" block is a daily 85-minute class that is designed to integrate math and science. Students are typically a grade level higher than their peers and practice fundamental skills, explore topics, and demonstrate knowledge using manipulatives and hands-on approaches in the classroom. Throughout the year, topics spiral and build upon each other to strengthen mastery, further setting a strong foundation for future years. In addition to a structured math curriculum, students will also be introduced to science concepts such as: earth science, astronomy, and the physical sciences.

### PHONICS (Grades 1-3)

The Phonics course sequence is based upon the understanding that the English language is a code, which students must learn to decode to become fluent readers. As such, students develop and master the decoding and spelling skills needed to read increasingly difficult texts and compose complex compositions. In Phonics, students master all basic phonograms, numerous advanced phonograms, and advanced phonemic awareness concepts.

### **CONNECTIONS** (Grades 1-3)

The Connections course combines knowledge and skills from multiple classes to complete a variety of cross-curricular projects. Instruction emphasizes collaboration, discussion, critical thinking, and creativity. Participating in Connections projects allows students to experience firsthand how skills from multiple courses can be used to solve real-world problems. In addition, making interdisciplinary connections helps students understand complex concepts and supplies them with an impressive breadth of knowledge.

### **GRADE 1 PROJECT TOPICS:**

- Ancient Egypt
- Exploration and map skills
- Celebrations across
  the world
- Heroes from the past and present
- Ecosystems, the water cycle, and space

### **GRADE 2 PROJECT TOPICS:**

- Ancient Asia
- Map skills
- The American Revolution
- Data collection
- Native Americans
- Westward Expansion
- Civics and government
- Storytelling skills

### **GRADE 3 PROJECT TOPICS:**

- Artifacts
- Ancient Greece
  and Rome
- Culture
- Elements of design
- The scientific method
- Civil rights

### ENGINEERING AND TECHNOLOGY (Grades 1-4)

Engineering and Technology introduces students to the processes, tools, and techniques of engineering design. Students develop problem-solving, logic, and relationship skills through hands-on, real-world projects that integrate content from core courses with technology and design.

### WRITING ENRICHMENT AND WRITING MASTERY (Grades 4-5)

In Writing Enrichment and Writing Mastery, students develop sentence, paragraph, and multi-paragraph writing skills through content-focused writing. Students practice writing in different disciplines using content from their History, Science, and English courses.

### **SPORK MATH**

SPORK Math is comprised of the following courses: Arithmetic A (grade 4), and Arithmetic B (grade 5). SPORK Math is delivered through tablets, allowing us to update the curriculum every year, to ensure that we are responsive to our students' needs. This method of delivery facilitates rapid homework communication between teachers and students, making time spent in the classroom more productive. For example, while students are doing homework, they can mark the problems they are struggling with the most. Their teacher will receive that information in real-time and can come to class the next day with a lesson prepared to address those concepts. Long term, SPORK Math will help teachers identify the areas students struggle with the most, allowing them to adapt their lessons and plan for extra practice.

# VERYONEISANARTIST

### VISUAL ARTS (Grades 1-5)

In Visual Arts, students are introduced to a wide range of artistic techniques as they hone their fine motor skills while working with a variety of different materials. As students progress through the course sequence, they expand upon these skills by making cross-cultural and personal connections in their art. Students also receive instruction in art history, and explore the relationship between intent, context, and creative choice.

### THEATRE (Grades 1-5)

Theatre introduces students to the different elements of drama and narrative. As they progress through the course sequence, students build upon their storytelling skills and work in groups to create and perform short scenes. Students also learn how to interpret and convey character, and work on revising, evaluating, and improvising dramatic scripts.

### MUSIC (Grades 1-5)

In Music, students are introduced to the different elements of musical performance, theory, and history. As students progress through the music course sequence they expand upon their musical knowledge by learning how to read musical notation, building their vocabulary to describe different styles of music, and participating in multi-part musical performances.

- History (Medieval Period to Modern Era World) (Grade 5)
- PE and Sports
- Fine Arts
  - Visual Arts
  - Theatre
  - Music

## **EXTRACURRICULAR ACTIVITIES**

Extracurricular activities enhance the learning experience and provide opportunities for enrichment, socialization, and achievement beyond the classroom. These activities allow students to interact with different groups, pursue individual interests, and develop new skills. To participate in extracurricular activities, students must exhibit good behavior and maintain a strong academic standing. As such, they learn to balance outside activities with advanced coursework, an important time management skill that will benefit them throughout their education.

## EXTRACURRICULAR ACTIVITIES OFFERED AT BASIS BATON ROUGE PRIMARY MID CITY MAY INCLUDE\*:

- Art Factory
- Around the World
- Cooking Club
- Doodle Club
- Drama Club
- Mandarin Club

- Percussion Club
- Photography Club
- Service Bears
- Yoga Club
- \* Extracurricular activities offered vary by campus and from year-to-year based on student interest.

#### DO YOU PROVIDE TRANSPORTATION?

BASIS Mid City does not provide transportation for our students to the Mid City campus. We encourage members of our parent-volunteer booster clubs to identify carpool opportunities. Students matriculating from BASIS Mid City in grade 5 and moving over to our BASIS Materra campus in grade 6 will be provided transportation so they can continue their BASIS educational journey.

### WHAT ARE BASIS CHARTER SCHOOLS?

The BASIS Charter Schools network comprises 39 charter schools across Arizona, Louisiana, Texas, and Washington, D.C. All BASIS Charter Schools utilize the BASIS Charter School Curriculum, which encourages self-motivation and hard work, allows students to master advanced content and thoroughly prepares them for college.

### HOW DO I APPLY?

All applications must be submitted through the online enrollment portal at <u>enrollBASIS.com</u>. Parents/ guardians should complete and submit student enrollment applications during the Open Enrollment period. However, applications are accepted throughout the year. You may apply to more than one BASIS Charter School, but you must submit separate applications, per student, to each school. Applications do not need to be signed in order to be entered in the lottery. Applicants who are offered enrollment at a BASIS Charter School will be provided with instructions for accepting the offer, completing the online registration form, and submitting registration documents to the school.

### HOW DO THE LOTTERY AND WAITLIST WORK?

Every year, there is an Open Enrollment period for the following school year. Applications submitted during Open Enrollment and outside of Open Enrollment are processed differently. Please note that the exact Open Enrollment dates and lottery dates are determined on a year-to-year basis. Information will be available on <u>enrollBASIS.com</u> once this year's dates are finalized.

If you apply during Open Enrollment: If the number of applications received during Open Enrollment exceeds the number of openings (at any grade level), enrollment is determined by a lottery and waitlist. The Open Enrollment period for BASIS Charter Schools is NOT first-come, first-served. Instead, applicants are added to a lottery pool. To be included in the lottery, you need to apply by midnight on the last day of Open Enrollment. After the Open Enrollment period ends, lottery drawings are held. You will receive the results directly from the school(s) you applied to. Families that do not receive an enrollment offer from the lottery will be added to a waitlist.

If you apply outside of Open Enrollment: Applications submitted after the Open Enrollment period has ended will be added to a waitlist and processed on a first-come, first-served basis, following any applications received during Open Enrollment. Schools will continue to make offers to waitlisted applicants as seats become available. There is not a lottery for applications submitted outside of Open Enrollment.

BASIS Charter School enrollment policies are available for review in the enrollment application portal at **enrollBASIS.com**.

### WILL I HAVE TO PAY TUITION?

No. BASIS Charter Schools are tuition-free.

### WHAT IS THE SCHOOL-YEAR SCHEDULE?

The start date for each school is determined by the Head of School and leadership team, and then announced on the school's website. To maximize academic instruction time, BASIS Charter Schools do not include professional development (in-service) days on the school calendar.

### HOW MUCH HOMEWORK DO STUDENTS RECEIVE?

Homework volume differs by grade level and by student. For example, homework times range from 15 minutes in kindergarten to approximately one hour in grade 5.

### HOW DO I PREPARE MY CHILD TO ATTEND A BASIS CHARTER SCHOOL?

To foster every student's successful transition into our advanced course of study, we provide academic and student support throughout the year, as well as optional summer orientation programs.

### WHAT EXTRACURRICULAR OPPORTUNITIES ARE AVAILABLE?

BASIS Charter Schools offer extracurricular activities that enrich students' academic experience. We do our best to align extracurricular activities to serve our students' interests. As a result, extracurricular activities may not be identical at every BASIS Charter School. However, each campus offers an array of clubs and extracurricular activities in which students can participate.

### DO YOU HAVE BEFORE AND AFTER SCHOOL PROGRAMS?

Yes. BASIS Charter Schools offer the Early Bird and Late Bird programs to assist parents/ guardians whose schedules do not align with the schools' scheduled start and end times.

The Early Bird program serves parents/guardians whose days begin earlier than the school start time. During Early Bird, staff members supervise students in designated areas of the school. While our staff members do monitor students' safety and general well-being, we do not provide organized instruction or recreation during this time. Students are still expected to follow all school rules.

The Late Bird program is a fee-based after-school program that serves parents/ guardians whose days end later than the school end time. During Late Bird, staff members supervise students in designated areas of the school. The Late Bird program is structured, so students have time to do homework, read, play games, etc.

### DO YOU PROVIDE SPECIAL EDUCATION SERVICES?

Yes. BASIS Charter Schools are public schools that provide a Free and Appropriate Public Education (FAPE) to students with disabilities who are currently eligible, or are determined eligible, to receive special education and related services. BASIS Charter Schools comply with all aspects of federal and state civil rights and disability laws, and we are committed to ensuring that all students who are eligible for special education and related services receive them.

Notice of Non-Discrimination: In accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title II of the Americans with Disabilities Act of 1990, the Boy Scouts of America Equal Access Act and applicable state law, BASIS\* does not discriminate on the basis of actual or perceived race, color, religion, national origin, sex, age, disability, gender identity or expression, or any other classification protected by law in any of its business activities, including its educational programs and activities which comply fully with the requirements of state and federal law and Title IX. The following person has been designated to handle inquiries regarding BASIS' non-discrimination policies: Beverly Traver, Compliance and Equity Investigator, BASIS Educational Group, LLC., 7975 N. Hayden Rd, Scottsdale, AZ 85258, (480) 289-2088.

\*As used in this policy, the term "BASIS" refers to: BASIS Educational Group, LLC, BASIS Charter Schools, Inc., BASIS Texas Charter Schools, Inc., BDC, A Public School, Inc., BBR Schools, Inc., and all affiliated entities.
