Notification of Asbestos Inspections and Management Plan Availability

In compliance with the US Environmental Protection Agency's Asbestos Hazard Emergency Response Act (AHERA) and the Louisiana Administrative Code 33:III.27, BASIS Baton Rouge Charter Schools wish to notify all school leaders, parents, staff, and teachers of the following:

- The BASIS Baton Rouge – Mid City Campus school building was constructed without the use of any building materials containing asbestos.
- An inspection has been conducted throughout the school to confirm the absence of asbestos containing materials. A copy of the asbestos inspection report may be viewed by contacting the school.
- While no asbestos containing materials have been used or found in the school building, BASIS Baton Rouge – Mid City Campus is required to develop and maintain an asbestos management plan. A copy of the asbestos management plan may be viewed by contacting the school.

Please contact the school Head of Operations with any questions or to request additional information.
